# INTRUDER

POWERED BY

**SEP**  
SUZUKI ECO PERFORMANCE

SEP (Suzuki Eco Performance) is a new developmental concept proposed by Suzuki. At Suzuki, we pay great attention to riding performance, and "SEP" stands for our next-generation engine that offers both low fuel consumption and superior acceleration.

**ABS**

ABS\* (Anti-lock brake system), a supplemental system, which automatically controls the braking force efficiently & avoids wheel lock up due to slippery road, sudden change of road conditions or excessive braking in a certain controllable range. Please do not overly rely on ABS.

**FI FUEL INJECTION**

The Intruder SP now comes with advanced Fuel Injection Technology equipped with 6 sensors to calculate the optimum amount of fuel to be injected for better combustion efficiency, thereby improving fuel efficiency and providing accurate throttle response at all rpm to make your every ride even more exciting.

|                    |                                  |
|--------------------|----------------------------------|
| Engine Type:       | 4-Stroke, 1-Cylinder, Air-cooled |
| Valve System:      | SOHC, 2 Valve                    |
| Displacement:      | 154.9 cm <sup>3</sup>            |
| Bore x Stroke:     | 56.0 mm x 62.9 mm                |
| Engine Output:     | 14.8ps@8000rpm                   |
| Torque:            | 14Nm@6000rpm                     |
| Fuel System:       | FI/Carburettor                   |
| Starter System:    | Electric                         |
| Transmission Type: | 5 Speed, MT                      |

**Dimensions and Weight**

|                   |                                   |
|-------------------|-----------------------------------|
| Wheels:           | Cast                              |
| Overall Length:   | 2130 mm                           |
| Overall Width:    | 805 mm                            |
| Overall Height:   | 1095 mm                           |
| Wheel Base:       | 1405 mm                           |
| Ground Clearance: | 170 mm                            |
| Seat Height:      | 740 mm                            |
| Kerb Mass:        | 149 kg (FI)/ 148 kg (Carburettor) |
| Fuel Tank:        | 11 L                              |

**Suspension**

|        |                |
|--------|----------------|
| Front: | Telescopic     |
| Rear:  | Swing Arm Type |

**Tyre Size**

|        |                                |
|--------|--------------------------------|
| Front: | 100/80 - 17 - Tubeless         |
| Rear:  | 140/60R - 17 - Radial Tubeless |

**Brake**

|        |      |
|--------|------|
| Front: | Disc |
| Rear:  | Disc |

**Electrical**

|             |                           |
|-------------|---------------------------|
| Battery:    | Maintenance free 12V, 3Ah |
| Headlight:  | 12 V 35/35 W              |
| Tail light: | LED                       |
