PURE PETROL PERFORMANCE

e:HEV

Sporty Hybrid Performance

Honda's original Two-Motor Hybrid System delivers pure, seamless acceleration that pins you to your seat without sacrificing fuel efficiency. Experience high-performance thrill paired with supreme mileage.

Outstanding Fuel Efficiency
27.26 km/L*

1.5L ATKINSON CYCLE
DOHC i-VTEC ENGINE

Exhilarating Torque
253 Nm

Deceleration
Selector Paddle

Two Motor e-CVT

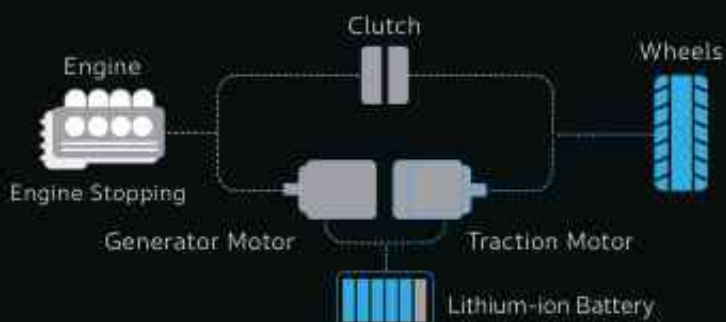

Electric
Regenerative Braking

SEAMLESS & INTELLIGENT SWITCHING BETWEEN 3 DRIVE MODES

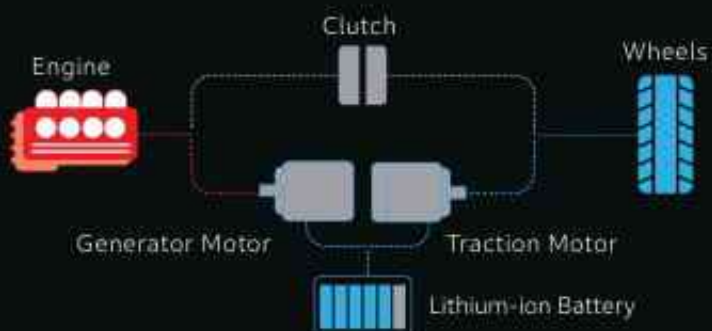

EV DRIVE

Driven exclusively by motor using battery, for silent operation and zero emission.

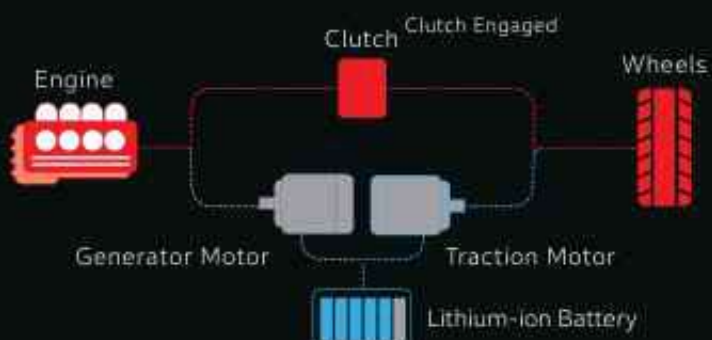

HYBRID DRIVE

Petrol engine acts as an electric generator and motor drives the wheels that provide an exhilarating feeling.

ENGINE DRIVE

Engine runs at high fuel efficiency to drive the wheels. The motor provides a peak power boost when required.

i-VTEC

Pure i-VTEC Performance

At low RPM, it maximises fuel efficiency for your daily drive. But when you press the pedal hard, the cams switch - unleashing a relentless high-RPM surge straight to an adrenaline rush.

Power
89 kW (121 PS)

Torque
145 Nm

Lane Keeping
Assist System (LKAS)

Road Departure
Mitigation System

Auto High-Beam

Lead Car Departure
Notification System

Honda SENSING is an Advanced Driver Assistance System (ADAS) designed to help you drive more safely by reducing the risk of accidents. It intervenes to avoid or lessen the impact of a collision. With every advancement we make, we get closer to a world without collision.

Collision Mitigation Braking System (CMBS)

Provides audio & visual warning alerts and applies brakes when there is a risk of collision.

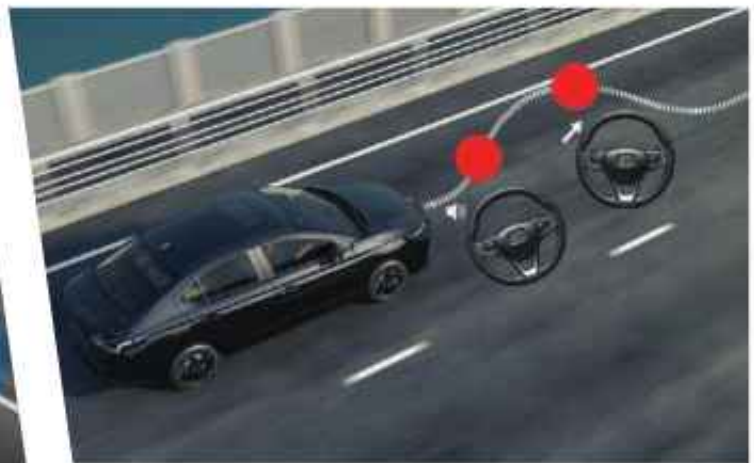

Adaptive Cruise Control with Low Speed Follow*

Accelerates and brakes to keep you at a safe distance from other cars while cruising. Low speed follow makes it easier to drive in stop-and-go traffic.

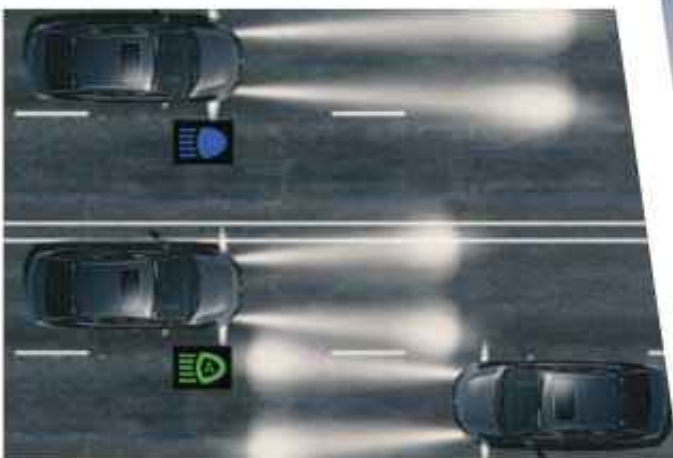

Lane Keeping Assist System (LKAS)

It steers the wheel to keep you in the middle of the lane while cruising along the highway.

Road Departure Mitigation System

When the car seems to deviate from road boundaries, it gives audio-visual alerts with steering wheel support.

Auto High-Beam

Improves visibility by automatically switching between low and high beam.

Lead Car Departure Notification System

It notifies you when the car ahead starts moving.

*Honda Connect comes with free subscription for first 3 years from the date of purchase. T&C applicable. Honda Connect application works on smartphones: Android 7.0 & above, iOS 11.0 & above. Honda Connect application works with select smartwatch devices. Smartwatch is not part of car accessory/ giveaway and need to be purchased separately. All services and features of Honda Connect are subject to network availability, facility/ transmission limitations as per government regulation and permissions in specific regions/locations. Selective alerts work as per user settings and in select car models/ transmission. Actual application/ features may differ from representative images shown above. Digital Pick & Drop is an additional convenience to customer and dealer specific facility. Tracking through digital pick & drop is subjected to network conditions. +TPMS and DVR features are not a part of standard Honda Connect Features package. Customer requires to purchase TPMS and DVR accessories to use these features. For more details visit your nearest Honda Car dealership or www.hondacarindia.com. Alexa Remote Capability supported features can be executed via Honda Skill through Alexa, installed device as per user input information in the Honda Connect App. Amazon, Alexa and all related logos are trademarks of amazon.com, inc. or its affiliates. Alexa device is not part of car accessory/ giveaway and needs to be purchased separately. Actual device may differ from the one shown here. Please refer to amazon.com for more details.
